

ANNUAL UPDATE

2020 - 2021

Our newborn nephew Otis

Picking up Hero for 'nephew day'

Celebrating the holidays with Rob's family

Our first year as available adoption parents flew by. We wanted to add this update so you would know a little bit more of how we spent that time.

Even though Covid-19 has affected us all, we had some very special moments throughout the year. Our government regulated the restrictions quite well and most of the time we were still able to have quality time with family and friends. We were even able to travel to Italy to celebrate Daan's birthday. When we could not be with our larger 'pod' of extended family, we would spend our days hiking together in various nature preserves.

Probably the best moment came with the birth of our nephew Otis. We are such proud uncles and cannot wait to introduce your child to him and the rest of our large loving family.

Ready for the US Election Day

Celebrating Daan's birthday in Italy

Finally lots of snow after a few years

A tradition: playing the Dutch shuffleboard

Hiking to keep in shape

Theme park with Daan's family in summer
