

CAITLYN + KEVIN

Welcome to our Family

Our Journey

Our story began at college in Pennsylvania, where Kevin pursued a degree in Physical Therapy and Caitlyn focused on Occupational Therapy. From the start, we connected over our shared family backgrounds, interests, and values. Choosing careers in healthcare, we are dedicated to helping others every day. Having been together for nearly ten years, we have built a strong and committed relationship. We got married in July of 2022, with dreams of a big family in our hearts. However, after facing years of infertility, we came to understand that our path may unfold differently than we had initially envisioned.

Though we are unable to have biological children, we feel a deep calling to embrace parenthood through adoption. We recognize how unpredictable life can be and are truly grateful for the chance to share the love we have. We hope you will consider us as the adoptive parents for your baby.

Our Wedding

We got married on a beautiful day in July. It was a special day filled with many family and friends. It was one of the happiest days of our lives...so far!

ALL ABOUT CAITLYN

Caitlyn out to lunch with her niece

Exploring the Grand Canyon

I grew up in New York as the youngest of three children. Family means everything to me. Every Sunday afternoon my family gets together for a big meal before the start of the week. I work as a pediatric occupational therapist for a local hospital in the NICU and outpatient rehab. I spend my day helping infants and children of all ages. During my free time I enjoy being with my nine nieces and nephews, relaxing at the beach, listening to live music, and spending time with friends.

ALL ABOUT KEVIN

Kevin with his parents after running a local marathon

I grew up in New Jersey and am also the youngest of three siblings. I have always been into sports and staying active, which naturally led me to a career as an outpatient physical therapist. I work closely with sports injuries and post-op patients. When I am not at work, you'll probably find me out for a run in the neighborhood, tackling a home project, or hanging out with friends and family.

OUR VILLAGE

We are very blessed to be surrounded by such supportive family and friends. We both come from large families with lots of kids! Your child will already have 9 cousins that love them. Our family has been with us every step of this journey and can't wait to see us become parents. They are all supportive of our adoption process and thankful you are considering us as the adoptive parents.

OUR HOME

We bought our home in the spring of 2025. Our home is 1 hour outside of NYC in a coastal suburb. Since moving in, we have renovated the home to make it our own. We have 3 bedrooms in our home, one that will be decorated into a beautiful nursery for your baby. We have a nice fenced in yard which is perfect for a child to play. We enjoy using our backyard for grilling and growing our garden.

We are in walking distance to many local parks and schools. The town we live in is special to us because of the community we have around us. In our town we have a network of friends and family. Caitlyn's parents, sister, brother and many cousins live within 10 minutes from us.

CHILD CARE PLAN

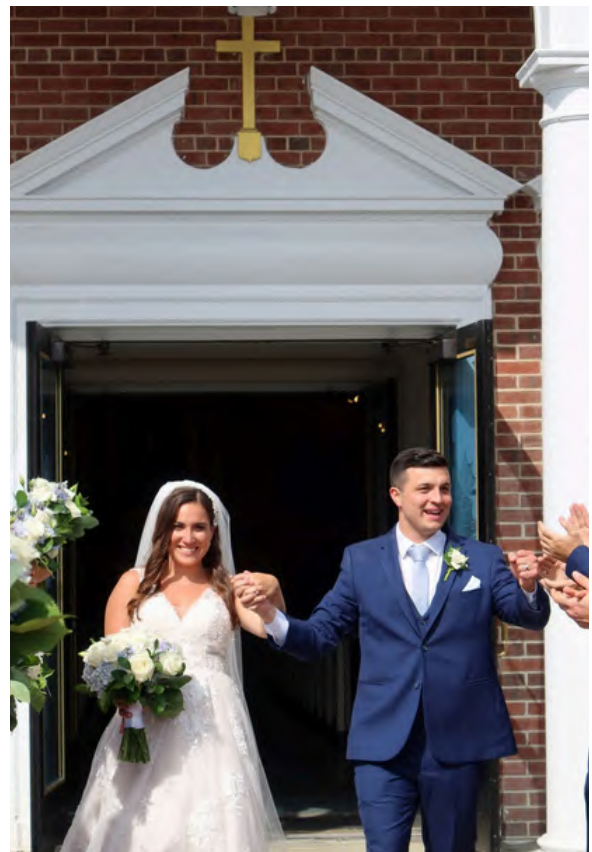

Caitlyn plans on transitioning from full time to part time when we are lucky enough to adopt. We understand the importance of family and development so when your child is not with us, they will be watched by very excited grandparents.

Both of our moms are retired teachers

RELIGION

We plan on raising your child in a house of faith. We both grew up Catholic and got married in the church. We plan to have your child baptized and attend weekly service at our local church. We believe in the importance of community and service to others.

We got married in the same church as Caitlyn's parents

WINTER TRADITIONS

Every winter we go to Stratton Vermont for a big ski trip. We go with Caitlyn's sisters family and friends. Kevin can't wait to teach your child how to ski!

After the ski day, we love to hang out in the village

SUMMER TRADITIONS

Every summer we go down to the Jersey Shore with Kevin's side of the family. It is a week of family time, trips to the beach, mini golf, cooking, and a lot of fun!

cooking on Christmas Eve

Christmas Eve is all about gathering with a big group of extended family to make homemade Italian dishes from scratch. It's Kevin's favorite day of the year—full of love, laughter, and, of course, plenty of amazing food. We love to decorate our house with Christmas lights and a real Christmas tree!

We love to decorate our tree every year!

New Years Day Tradition

Every January 1st, we kick off the new year by jumping into the ocean! It started as a tradition in Caitlyn's family and has grown to include over 20 friends and relatives.

The kids usually stay bundled up on the sidelines, cheering everyone on and staying warm.

OUR VALUES

- Leading with Love and Compassion
- Clear Communication
- Active Listening
- Honesty and Respect
- Service to Others

OPENESS IN ADOPTION

We understand that adoption should be child centered. We are open to keeping contact and communication with you in the best interest of your child. This will include photo updates, check ins, and in person visits if you would like when possible. We view you as an extension of our family and an important person in our journey.

We appreciate you taking the time to consider us. We recognize the courage it takes to make such a difficult decision. We hope you find peace with your decision, regardless whom you choose as the adoptive parents.
