

KYLIE & KYLE

our story

EVERY FAMILY HAS A STORY, AND OURS STARTS WITH
A COINCIDENCE THAT ALWAYS MAKES PEOPLE SMILE:
OUR NAMES ARE ALMOST IDENTICAL.
WE ARE KYLE AND KYLIE, BUT OUR FRIENDS CALL US

K Squared

Dear Birth Mother

NICE TO MEET YOU.

We cannot fully express how much we appreciate your consideration or the strength it takes to be on this journey. We have deep respect for you and for the love, courage, and sacrifice behind this decision.

Our desire to become parents comes from a place of deep love and intention. We look forward to the everyday moments—bedtime stories, weekend adventures, school days, and simply being there to guide, encourage, and celebrate a child as they grow into who they are meant to be.

We also want you to know that your child will always understand how deeply they are loved, not only by us, *but by you*. Your strength, your story, and your love are something we will honor with openness, respect, and care.

Please know that we are here for you as well. We see you, we respect your journey, and we want to support you in whatever way feels right to you.

Kyle & Kylie

the story of us

Honeymoon photoshoot in Aruba

We met in the court room- Kyle as an attorney and Kylie as a social worker!

Our story began in 2017, when we met through our work in the court system. What started as a professional connection quickly grew into a meaningful friendship.

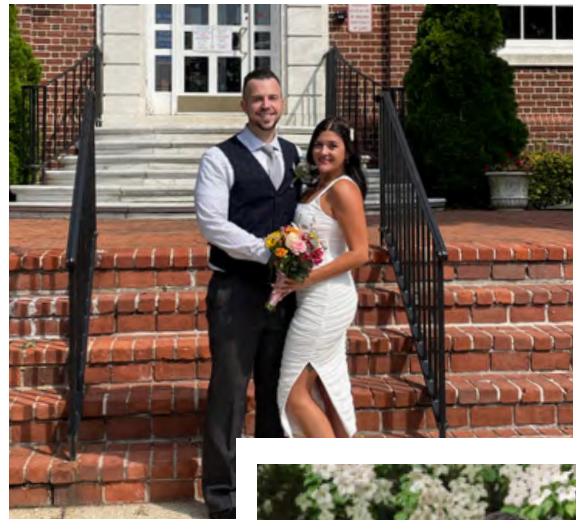

In March 2020, our relationship grew into something more, and we began dating. What could have been a difficult time in the world became something incredibly special for us. Not long after, we decided to move in together and continue building our life side by side.

In April 2022, Kyle proposed on Kylie's birthday, which made an already special day even more unforgettable. We were married in August 2022 in an intimate town hall ceremony surrounded by love, marking the beginning of our life as husband and wife.

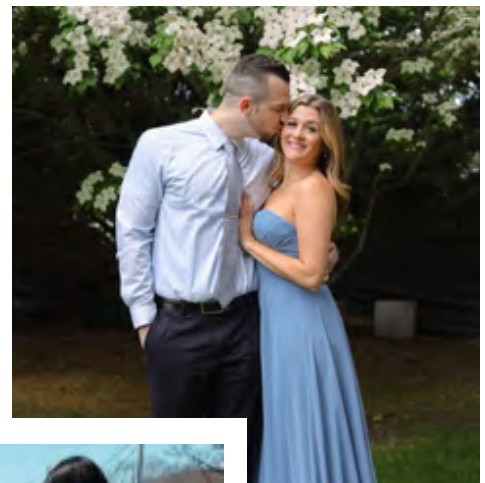

Since our wedding we have been happily building a strong marriage, creating a loving home, traveling the world, and making lasting memories together.

why we are adopting

From the beginning of our marriage, we knew we wanted to grow our family. Becoming parents has been one of our greatest hopes.

Our path to parenthood has taken an unexpected shape as we have faced a 4 year-long battle with infertility. However, this journey has strengthened our bond and deepened our appreciation for the many ways families are formed.

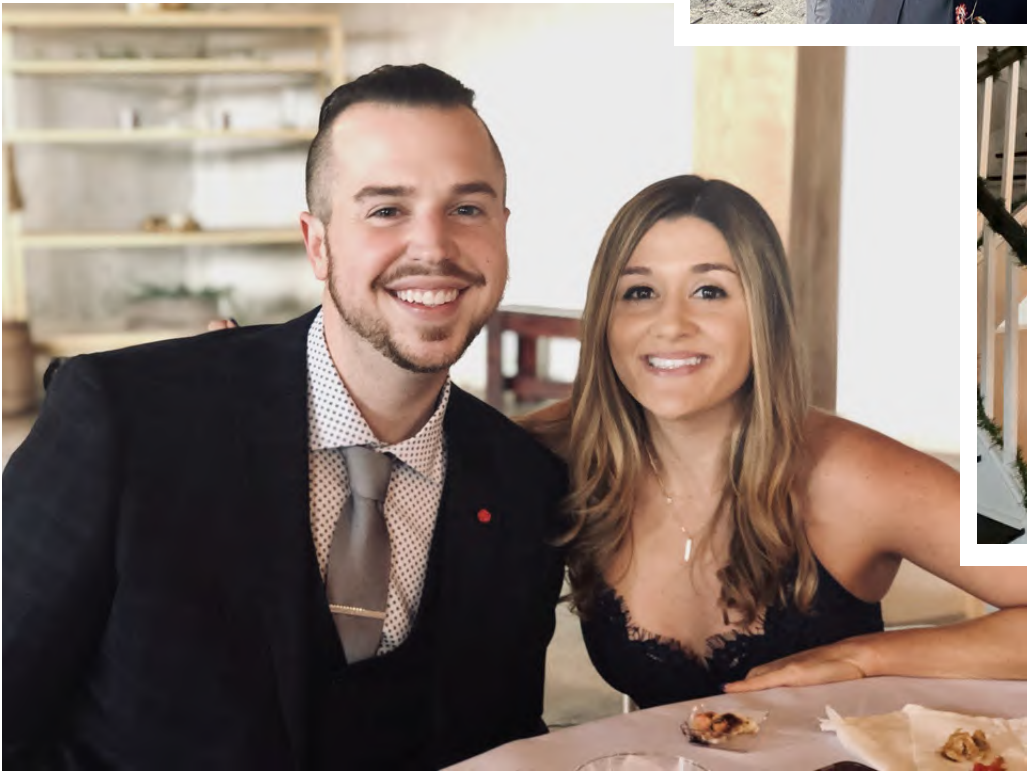

We have come to adoption with open hearts, gratitude, and so much excitement for the opportunity to become parents and build a loving, supportive home for your child.

FROM KYLIE:

During a conversation about growing our family, we talked about the unique support that an adopted child may need. Kyle looked at me and said ***“So then who better than us to provide that for a child ?”*** We recognize that we have so much love to give and a genuine desire to provide our child with a nurturing home. Those words have stayed with us ever since.

I grew up on Long Island with my older sister, Sammi, who is still my best friend. Dance was one of the most important things in my life growing up. I graduated high school in 2008, earned my bachelor's degree in psychology in 2012, and later received my Master of Social Work with a specialty in Child and Family Welfare in 2015. After working in foster care for two years, I began my career as a social worker in the court system in 2017, where I continue to work today. Primarily, my work involves supporting individuals with mental health needs and the geriatric population, a role that I truly love. In addition to my career, I also taught dance to children ages 2 to 18 for over 10 years. In my free time, I enjoy gardening, cooking, and baking, and especially cherish spending time with my two-year-old nephew. I am an animal lover and appreciate all creatures big and small.

What Kyle loves about Kylie:

Kyle loves Kylie's kind heart and the way she cares deeply for both people and animals. He especially admires how lovingly she takes care of their two pets and the joy and comfort she brings to them every day. He loves her sense of humor, the happiness she brings to everyday moments, and thinks she is incredibly beautiful inside and out. Kyle also appreciates that she is an amazing cook and enjoys the warmth she brings to their home. One of his favorite things is traveling together and making special memories on vacations as a couple.

I grew up on Long Island, where I spent much of my childhood playing baseball.

I graduated high school in 2009, earned my bachelor's degree in political science in 2013, and went on to graduate from law school in 2016. After becoming an attorney in 2017, I began working in elder law, a field that I find especially meaningful as it allows me to help individuals and families navigate important life decisions. In my free time, I enjoy traveling and have become an avid snorkeler. I am a dedicated football fan who cheers for the Dallas Cowboys and a loyal supporter of the New York Mets. I also love animals, enjoy visiting the zoo, and value making memories through new experiences and adventures.

What Kylie loves about Kyle:

Kylie loves that Kyle is caring, dependable, and always makes her feel supported and taken care of. She admires how hard he works and appreciates how dedicated he is to providing for their family. Kylie also loves the way he cares for and adores their pets, showing them so much love and attention. She admires his intelligence and loves that he can always make people laugh and bring joy to those around him. Most of all, she appreciates how supportive he is of her goals and endeavors, and how thoughtful he is in planning special date nights and trips to create meaningful memories together.

WE ARE GRATEFUL FOR THE LOVING SUPPORT OF OUR FAMILY AND FRIENDS, WHO ARE JUST AS EXCITED AS WE ARE TO WELCOME YOUR BABY INTO OUR LIVES

Kylie comes from a close-knit Italian family that loves spending time together. Her sister is her best friend, and we see Kylie's parents at least once a week. Kylie's family extends beyond parents and siblings to include many aunts, uncles, and cousins on both sides, all of whom play an important role in both our lives. They have always welcomed Kyle with open arms.

Kyle's family includes his father and older brother. While his relationships with some family members have not always been close, those experiences helped shape the person he is today. They taught him the importance of healthy relationships, strong boundaries, and breaking cycles that no longer serve future generations. Kyle is thoughtful, compassionate, and deeply committed to creating a loving, stable family built on trust, respect, and connection.

Meet Avi

We were Avi's first visitors the day he was born

On our annual Family Trip to Wildwood, NJ

Our nephew, and godson, Avi, is 2½ years old and already such a special part of our lives. He is Kylie's sister Sammi and sister-in-law Shaneice's son, and truly the light of our family. Avi brings so much joy, laughter, and love wherever he goes, and we know he will be the sweetest and most caring big cousin.

Avi also has his own unique birth story, as he was donor conceived, and his family has always celebrated openness and honesty about his story. Just as Avi will always know and embrace where he came from, any child we are blessed to welcome through adoption will always grow up knowing and celebrating their own story as well.

Avi Affectionately calls us Titi (Kylie) and Tovie (Kyle)!

We are also very involved in Avi's day-to-day life and regularly care for him overnight. Spending so much time with him has given us meaningful hands-on experience with the routines, joys, and responsibilities that come with caring for a young child. From bedtime routines and early mornings to playtime, meals, and comforting him when needed, these moments have deepened our confidence and excitement about becoming parents

meet MYA

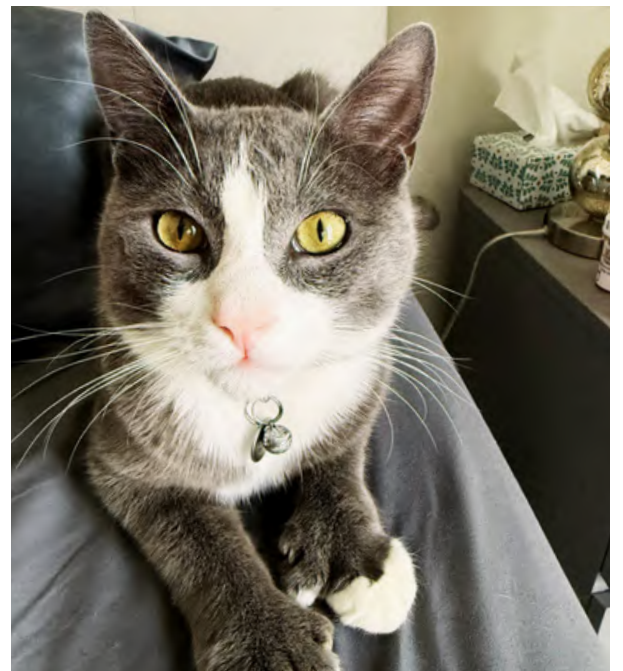

Mya is our 6-year-old Retriever/Elkhound mix and truly the sweetest dog we could ask for. She has a gentle, loving personality and adores every member of her human family. She is especially protective and patient with her baby cousin, Avi, and is wonderful with all of our friends' children too. Mya is well-trained, calm, and happiest when she's surrounded by the people she loves. She loves going for walks in the neighborhood and playing in the backyard.

Mya and Animal love all the children in our life. Here they are with our nephew and one of our best friend's daughters.

meet ANIMAL

Our 1-year-old Kitten is named after the famous Animal of the Muppets, and he certainly lives up to the name. He became part of the family in August 2025 when Kyle's coworker found a litter of kittens in need of a home. He spends his days snacking, supervising the neighborhood from the window, and keeping Mya on her toes. Underneath the chaos he is a total cuddle bug who loves napping with his people.

Our Home

WE LIVE ON BEAUTIFUL LONG ISLAND!

We live in a four-bedroom home on a quiet cul-de-sac . We purchased the home in 2021 and have put a great deal of care, updates, and personal touches into making it a comfortable and welcoming space. Our home is often the location of family holidays and get-togethers.

The neighborhood is safe and family-friendly, with children often riding bikes and playing outside, and neighbors who know and look out for one another. We're within walking distance of a local park, and the surrounding streets are calm and ideal for walks and bike rides. The beach is about ten minutes away, making it easy to enjoy time by the water.

Our home includes a large, fenced-in backyard with plenty of space to play, an in-ground pool for the warmer months, and a large garden that we enjoy tending. It's a place where we love spending time together and continue to grow as a family.

This spare room, currently used as an office will be the baby's nursery. This room is on the second floor near the Master Bedroom and overlooks the backyard.
