

Liz & Rob

Welcome to Our Family

Hello & Welcome

We appreciate you taking the opportunity to look further into our story. Learning about us, our dogs Ace and Snickers, family and friends!

We are truly grateful that you are considering us for the most incredible gift you will bestow upon our family. We are excited to provide a family for your baby filled with love, laughter and support.

Fondly, Rob & Liz

Our first picture together

Flowers Rob sent to Liz with a sweet note asking to be his girlfriend.

We met in 2021 through business. We interacted and communicated about real estate and housing clients. After a year of contact we began dating, and have since been inseparable. We married in 2024, in a small intimate wedding with family and friends at a venue overlooking the Hudson River and Palisades at sunset. It was stunning.

Our Purpose

We always discussed children and what that journey would mean for us due to Liz's past medical conditions. When she was 24 years old, she had been diagnosed with Uterine Cancer, which led to a Hysterectomy. I am thankfully now cancer free. We are excited to open up our hearts and home to your child through adoption and grow as a family.

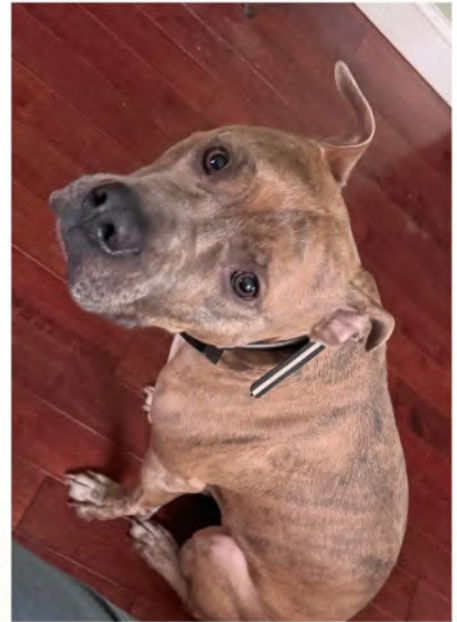

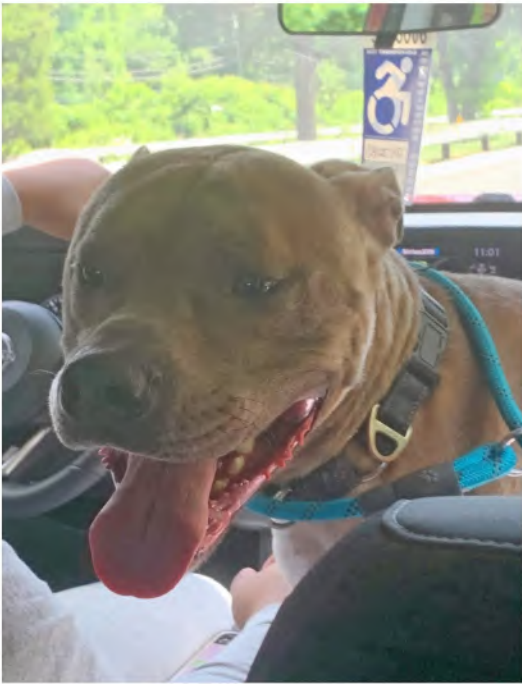

Our Fur Babies

Ace ->

<- Snickers

Ace is our 5 year old Cinco de Mayo rescue pup, calm but loves to play.

Snickers is our 3 year old, also a May pup born on the 14th. He is tiny yet is the rambuncious one of the two. He loves children and to cuddle. He was a gift to Liz from Rob.

We cannot forget our fur cousin
Buddy, the Budster.

Liz's Uncle and Buddy's
dad. Buddy is a 6 year old
rescue from Puerto Rico!

About Rob by Liz

Age 11

Coincidentally Rob and I have grown up in the same town in Westchester, New York throughout our early years. We even lived in the same building at one point and went to the same high school without ever crossing paths.

He is such a loving, patient and caring partner. We enjoy keeping our relationship full of communication, laughter with constant jokes, and bonding over shows and sports. I love the way he loves our dogs. I also love his family oriented ways and how he pours wisdom and encouragement into our God Children. He always said from day one, his mother and sister were his best friends.

Apple picking with our god children

Rob has spent over 10 years working in residential housing facilities for teens in Foster Care in the past. He found it rewarding. As the kids have aged out they still keep in touch via Facebook. Sometimes these now young adults will let him know if they need financial assistance, food, or help finding shelter. He goes above and beyond to help anyone. It says a lot about his heart, his character, and who he is as a person to have built a bond with children who don't always trust so easily. I am happy we found one another and I couldn't imagine taking this journey of adopting with anyone else!

About Liz by Rob

Liz's 3rd Birthday

Farmers Market with Bri

Liz is an amazing, kind, loving, and supportive person. She is a wife that dreams are made of. She constantly shows me how phenomenal she is just by supporting her brother who is autistic, helping her mom day to day, and being the backbone to our family. Our God kids, Brianna (14) and Terrell (16) are an important part of our lives. When they visit she spoils them with either video games, sneakers, nail dates with Bri. Overall she is there to let them know they have support with anything and communicates with them about school, grades and their future goals. She will make an amazing mom!

Liz and I have been at each other's side ever since our 1st date and plan to be as we like to say for a "Lifetime". Now we are ready to embark on the journey of adoption. Bringing a child into our lives will be the best gift.

Liz Paternal Grandma

We have a beautiful family home, with plenty of yard space for outdoor fun. We have a bedroom that will be a lovely nursery for the baby. There are many schools in our area. We are interested in a few private schools and one has a cultural guided education background.

Thank you so much for taking the time to review our profile. We truly have much respect for your decision to consider adoption for your child. While we cannot imagine what you are feeling, we believe you are incredibly brave and selfless. We are so excited to open our hearts and our home to your child through adoption, and cannot wait for that day to come!
